## **Objectives of NISA**

- NISA is a nationwide platform creating a unified voice for budget private schools in India
- NISA aims to preserve the ecosystem for budget private schools through concerted efforts for advocacy with the government
- NISA aims to build an enabling ecosystem for the improvement of budget private schools
- NISA aims to amplify the voice of our schools through access to media and help build evidence through systematic linkages with academia

## **Membership benefits**

- Access to the 36400 schools in over 20 states currently being represented by NISA – a number which is constantly growing as our membership base expands.
- A platform to share and market innovations and services.
- Space to test the value and applicability of new ideas and solutions in the education sector, in different parts of the country.
- Opportunities to conduct workshops and trainings for school owners, students and teachers and become established as a resource person in the field.
- Invitations to national and state level events
  - Provisions to set up stalls at NISA's events which bring together over 200 education professionals under one roof over a period of 1- 2 days.
  - Easy and direct access to data about needs and requirements of schools across the country.
  - Opportunities for learning from the best practices of other service providers from diverse backgrounds.
  - Platform to showcase current and future projects.
- Latest information about education developments, new legislations, policies, regulations, amendments and related issues.

For more information and to address any queries, please contact Centre for Civil Society at +91 2653 7456 or nisa@ccs.in. Centre for Civil Society is a public policy think tank based in New Delhi, at A-69 Hauz Khas-110016.

**I would like to enroll my school/association to be a part of NISA.**
