Cambridge Education Lab- Brings Finnish Education Model to Indian School Owners

Chandigarh: The Cambridge Education Lab, an Edtech startup founded by Indian-origin Cambridge University alumnus Suyash Bhatt, has joined hands with the National Independent School Alliance (NISA) to introduce the Finland Education Exploration Programme. This transformative initiative saw 24 Indian school owners embarking on a journey to Helsinki and Turku, Finland, from October 22 to October 28, 2023. Out of these 24 Schools 10 Schools represented Haryana including Ambala, Chandigarh and Panchkula.

The program, spanning six enlightening days in the cities of Helsinki and Turku, aimed to provide an in-depth understanding of the innovative Finnish education model celebrated worldwide for its remarkable approaches and outcomes. Mr. Suyash, Founder of Cambridge Education Lab, emphasized the importance of this initiative in enhancing the Indian education system, stating, "The Finland programme is our first step to transform the Indian education system through several residential and online programs being developed for students, teachers, and all stakeholders of the Indian School community."

One of the program's highlights was the exposure to how technology is integrated into the Finnish education system, creating engaging and immersive learning experiences for students. Dr. Kulbhushan Sharma, President of NISA, noted, "This journey allowed our school leaders to witness how modern tools and methods can revolutionize education, providing a glimpse of the future." The Finnish education model served as an inspiring example for the Indian educators, emphasizing the significance of a holistic and flexible approach to education. The program commenced with a visit to The Finnish National Agency for Education, offering insights into the foundational principles of the Finnish education system. It showcased Finland's decentralized, trust-based approach, highlighting the flexibility and local autonomy given to schools in tailoring educational strategies to meet the specific needs of students. The subsequent days of the program were dedicated to exploring various educational phases, including early education, primary education, high school, and insights into teacher training at the university level.

कैम्ब्रिज एजुकेशन लैब ने भारतीय स्कूल ओनर्स के लिए फिनिश एजुकेशन मॉडल लॉन्च किया

लखनऊ। भारतीय मूल के कैम्ब्रिज यूनिवर्सिटी एल्यूमी सुयश भट्ट द्वारा स्थापित एक एडटेक स्टार्टअप, कैम्ब्रिज एजुकेशन लैब ने फिनलैंड एजुकेशन एक्सप्लोरेशन प्रोग्राम शुरू करने के लिए नेशनल इंडिपेंडेंट स्कूल एलायंस (एनआईएसए) के साथ सहभागिता की है। इस नई और एक बड़ी पहल में 24 भारतीय स्कूल ओनर्स

ने 22 अक्टूबर से 28 अक्टूबर, 2023 तक फिनलैंड के हेलसिंकी और तुर्कू की यात्रा की। इन 24 स्कूलों में से 10 स्कूलों ने आगरा और इटावा सहित उत्तर प्रदेश का प्रतिनिधित्व किया। कैम्ब्रिज एजुकेशन लैब के संस्थापक श्री सुयश ने इंडियन एजुकेशन सिस्टम को और बेहतर बनाने की इस पहल के महत्व पर जोर देते हुए कहा कि "स्टूडेंट्स, शिक्षक, और भारतीय स्कूल कम्युनिटी के सभी हितधारक के लिए विकसित किए जा रहे कई हाउसिंग और ऑनलाइन कार्यक्रमों के माध्यम से फिनलैंड प्रोग्राम इंडियन एजुकेशन सिस्टम को बदलने की दिशा में हमारा पहला कदम है।" कार्यक्रम का एक मुख्य आकर्षण यह था कि फिनिश एजुकेशन सिस्टम में टेक्नोलॉजी को कैसे इंटिग्रेट किया जाता है, जिससे स्टूडेंट्स के लिए आकर्षक और गहन सीखने के अनुभव तैयार होते हैं।

Meet discusses changes needed in Indian edu system

LUCKNOW: A programme held for leaders from the Indian school education industry, discussed the many means for the transformation of the Indian education system, at Cambridge University in the UK.

The discussions took place at a conference titled Cambridge School Leadership Programme organised by Cambridge Education Lab—a UK-based company founded by University of Cambridge alumnus and Lucknow-born Suyash Bhatt—and the National Independent School Alliance (NISA). School education leaders from over 10 Indian states took

Guests at the meet organised in Cambridge, UK recently. SOURCE

part in the mega event organised at Fitzwilliam College, University of Cambridge, the organisers said in a note.

The key purpose of the pro-

gramme was to facilitate high-quality interactions between globally renowned academics and Indian educators. The educators were hosted at Fitzwilliam Col-

lege. The programme included guest lectures by senior academics and researchers.

The sessions included topics such as implementing "lesson study in schools", "building strategy", "power of digitising learning" and "challenges with staff training".

The delegation also visited two schools and interacted with the teachers and other staff there.

This ceremony was preceded by a "Manthari" session in which several educators were invited to speak on topics of relevance to the Indian education system. HT

WHAT SCHOOL LEADERS SAY

**DR APARNA S POROB
PALYEKAR**

Blooming Buds Primary School, Goa

I am grateful to Cambridge Education Lab for conducting such an insightful educational exploration; it gave us an opportunity to understand Finnish culture and curriculum. We were able to learn from many educators and important dignitaries.

Attended Cambridge & Finland programmes

DR GAITRI JADHAV

Priyadarshini School, Maharashtra

Through this tour, we were able to gain key insights on the Finnish Education system, a few that we would definitely want to implement in our classes. Thanks to this tour, we were able to maximise our learnings without compromising on the fun element. It was great to learn about the school systems and their local culture.

Attended Finland programme

WASEEM HANIEF

Solace International School, J&K

The Cambridge programme was very well thought through. I had an amazing experience of what it feels to be an academic at University of Cambridge along with high quality networking opportunity. I used my network established in Cambridge to affiliate our school with Cambridge assessment.

Attended Cambridge programme

DR SUNITA ANAND

Doon Public School, Haryana

I got to see first-hand, Finnish teachers' passion towards their profession, administrator's trust in their teachers, usage of ICT in the teaching-learning process and equal importance to vocational studies. Kudos to the organizers, it was fantastic and I enjoyed every bit of this tour with Cambridge Education Lab.

Attended Finland programme

**DR SUSHIL CHAND
GUPTA**

Prelude Public School, UP

The incredible Finland tour signifies my commitment to staying abreast with the latest methodologies in the academic field and it taught us to not only keep pace but thrive in the dynamic landscape of the 21st century.

Attended Cambridge & Finland programmes

DR VIKAS YADAV

Mount Litera Zee School, UP

Through the school visits, I was able to gain insights on the teaching methodologies used by them, about school infrastructure, policies and curriculum. Though it was a guided learning tour, we also got to have a lot of fun exploring the local traditions of Finland and touring through the cities.

Attended Cambridge & Finland programmes
